RE: Notice of Possible COVID Exposure

Dear Parents/Guardians:

Noli has been made aware of a possible COVID exposure on Campus. Due to this case your student may have had been exposed.

What this means for You and Your child:

- Any Person/persons diagnosed with COVID should be quarantined and kept home until they are no longer infectious. (10 days and symptom free)
- Because it impossible to assess all interactions in the classroom and because of the length of time in which classes spend together, all classroom members are considered contacts. This means that we ask you keep your students' home should they feel sick. COVID testing is recommended but not required.

Please contact our front office if you have questions. Thank you for your continued support in these efforts. We appreciate your patience, flexibility, and understanding as we work together to promote the health and well-being of our students and staff.

Sincerely,

Donovan Post

Principal
