August 2, 2022

Dear Parents and Guardians,

The start of the new school year is upon us and we want to take this opportunity to go over needed information for the upcoming year. Masks will be voluntary as we begin the school year. (if you need masks for your student(s) please contact our front office) All of the COVID protocols from the past two school years are no longer in use. However, we want everyone to know that we will be sanitizing each room twice a week and all school busses will be cleaned after being used by students. If the need arises, and we need to go online for any reason, you will be informed of why, and what is being done by the school to take care of any outbreak issues. We will recall our COVID protocols only if the CDC and School Board feel the need for student safety exists.

Football and Volleyball seasons will begin as soon as school starts. Please help us by getting your student who would like to participate in a sport (middle school or varsity) a physical. If you use the Indian Health Clinic wait times can be longer so it is imperative you make your appointments now. No student can practice without a current physical.

Noli just received a 6-year accreditation from WASC. We are very proud of all the work the staff has done to make this happen and we are very proud to share this news with you.

Registration week just ended. However, if you need information, class, or bell schedules please call the front office and we will assist you with your request.

The Noli School board will be on site the first day of school providing coffee and doughnuts to parents who drop their kids off. Please come say hello. The board will be here for the opening blessing, as we are looking forward to starting the new school year off on the best foot possible.

We look forward to working with all of you, and again WELCOME BACK NOLI BRAVES.

Thank you,

Donovan Post

Principal Noli Indian School
