August 26, 2021

Dear Parents/ Guardians;

We would like to take a moment and address the school's current COVID protocols. We understand throughout the year, there will be occasions, where children that attend other schools will be asked to quarantine because of possible COVID exposure. If this happens, we ask that you also quarantine any student that attends our school. Currently we are following CDC guidelines. They require you to either quarantine for the entire 10-14-day period or 5 days and take a COVID test if no symptoms are present. (negative test results must be provided in order to return to school)

Please understand that we are proceeding with an abundance of caution. We are asking that you do not test your child until the 5th day to ensure that no symptoms are present. No absences will be held against your child, and all classwork will be made available to them.

Thank you for your understanding in this matter.
