January 21st, 2021

Dear Parents/Guardians:

Effective immediately, ALL students need to have their videos on while attending classes. Students are expected to be active participants during the school day, just as they would if they were attending classes in person. To assist your students with this change we ask that you make sure that your student has the following:

1. Space to work that is clear of clutter
2. An area free of distractions
3. All needed supplies the teachers have requested

It is important that all of our students succeed to the best of their ability during this challenging time. We believe that their presence on screen will make this possible. We understand that many students are struggling with the isolation of this pandemic. Participating in class and showing their faces and seeing the faces of their fellow students is a small but significant way to keep connected with each other during a difficult time.

We appreciate your cooperation and assistance in implementing this change. Please note if the student does not appear on screen they will not be counted present for the class.

Sincerely,

Donovan Post  
Principal
