RE: Notice of Possible COVID Exposure

Dear Parents/Guardians:

Noli has been made aware of a possible COVID exposure on Campus. Due to this case your student may have had been exposed. What this means for You and Your child:

- Any Person/persons diagnosed with COVID should be quarantined and kept home until they are no longer infectious. (5 days and symptom free)
- Because it is impossible to assess all interactions in the classroom and because of the length of time in which classes spend together, all classroom members are considered contacts. This means that we ask you keep your students home should they feel sick. COVID testing is recommended but not required. (Tests are available at the school if you need them)
- COVID infections are on the rise. Syprtoms vary from person to person, but our school nurses asks you to be on the lookout for:
 - Severe headaches
 - Fever
 - Body aches and chills
 - Fatigue
 - Sinus Congestion

Camille Diaz, Noli's school nurse, can be contacted at 951-654-5596 should you have questions or concerns. Thank you for your continued support as we start the new school year.

Sincerely,

Donovan Post, Principal
