Subject: Clarification Regarding Recent School Lockdown

Dear Parents and Guardians:

I hope this letter finds you well. I am writing to address the recent school lockdown that occurred on December 13th at Noli. I understand that such incidents can cause concern among parents, students, and staff, and I want to provide clarification to ensure that everyone is well-informed.

First and foremost, I want to assure you that the school lockdown was not related to any incident within the school premises or involving the students and staff. The situation was caused by an individual off of campus, and I want to emphasize that it was beyond the control of the school administration.

The safety and well-being of our students are of utmost importance, and the decision to initiate a lockdown was made with the primary goal of ensuring their security. The swift response of the school staff and adherence to safety protocols helped to manage the situation effectively.

I understand that communication is vital in such situations, and I apologize for any inconvenience or anxiety that this incident may have caused. Going forward, we will work on improving our communication protocols to keep parents, students, and staff better informed about any external incidents that may impact the school environment.

If you have any further questions or concerns, please feel free to contact me at dpost@sobobansn.gov or (951) 654-5596. Your understanding and cooperation in this matter are greatly appreciated.

Thank you for your continued support in maintaining a safe and secure learning environment for our students.

Sincerely,

Donovan Post, Principal
